Dear Obatunde Oladapo,

On behalf of the Board of Directors of the World Patients Alliance (WPA), I am extremely pleased to inform you that your organization's application for membership of WPA has been approved. We welcome your organization as an "Full Member" of WPA!

The WPA provides the platform to ensure that the patients have an active role to play in all the stages of healthcare that include planning, provision, monitoring, research and evaluation of health services. We are excited that with your help, we will work together to empower and raise the patients' voice for the provision and access to safe, quality and affordable healthcare globally.

The WPA office will stay in regular contact with you and keep you updated on our services, activities and news. You are also requested to let us know about your current and upcoming events as we would love to promote them through our website, social media and newsletter. Once again, a very warm welcome to the WPA and we look forward to working with you to empower and raise the patients' voice for fulfilling our mission to be the global voice of patients working toward patient empowerment & engagement, improved access, safe & innovative treatment and patient centered healthcare throughout the world.
